

Groovy Turtle

Like dude...I could really use some color in my life. I'm really not feeling hip today, like, not at all.

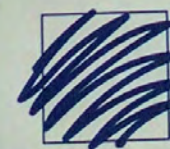

Task: Color Groovy Turtle's shell!

With your dominant hand, use the pencil to color in Groovy Turtle's shell by making a tight, continuous, zigzag stroke.

Cowfish

I'm still not really sure why rotating me endlessly helps bring me to life, but whatever, I'll go with it...

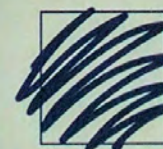

Task: Rotate Cowfish!

Use one hand to anchor the paper and the other to move Cowfish around the spiral. If it makes you feel better, you can rotate the page too.

Woah woah woah! So many things to pass from hand to hand! I can barely juggle three things, let alone this many!

Task: Help Juggle Bear pass the "batons"!
Use your non-dominant hand to hold and push or swat the creatures into your dominant hand. Have fun passing them back and forth.

Egads! Methinks that my suit needs a bit more buffing. I cannot be seen in public like this. Right, Sir Fuzzbutt VIII?

Task: Polish Monopoguin's suit!
Run the suit buffer (eraser) across Monopoguin's suit a few times to add highlights and make it shine!

Task: Aid Flaming Spider in sharpening!
Open the pencil bag. Use both hands to pull on the tabs and pop the pencil sharpener up. Push the dull/blurry pencil or creature into the sharpener's side slot and watch its refined version come out the top slot!

Flaming Spider

Forget the idle chit-chat - let's get down to business. As you can see, some of us need to sharpen up!

Allllieuuughhhh

NO!!! WHY!? I just wanted to enjoy a nice day at Lak'n Kraken, but these flies will NOT leave me ALONE!

Task: Sweep the flies off Allllieuuughhhh!

Use the back of your hand to swat each of the flies until they disappear. Think of a person sweeping eraser crumbs off a sheet of paper.
